## COLLECTION WANTED FOR FUTURE MAIL AUCTION SALES !!

We will be needing better collections of coal and lumber tokens for consignment in the Mail Auction Sale within a few months!! If you are thinking about selling your collection, please let me know!! The requirements are simple: 1. Make a list of all items being submitted like show on the auction page: Location, company name, catalog number, denominations, etc. Please note any defects since I do not have time to grade your collection. 2. Note minimum bids of any to apply. (No charge on items that do not sell). 3. List only better tokens (R6 to R10) as individual lots. Group the lower rarity tokens in group lots. (It is a waste of your time and mine to list low rarity tokens as individual lots). By checking the "PRICES REALIZED" lists in each bulletin, you have an exact accounting of what your tokens sold for. Too, computer printed settlement lists are sent to each consignor along with your payment check (usually in about 30 days)...

### 'MARK MY WORDS'

D. Mark Ballard, President  
National Scrip Collectors Association  
1204 Anderson Drive  
Marion, IL 62959

I hope that you are making plans to attend the great 20th Anniversary convention on Friday and Saturday, May 1 & 2, 1992, at the Koal Town Motel in Cumberland, KY. The address is: Box 427, Cumberland, KY 40823 and the phone number is: 606/589/2123. Better call today to make your reservations.

Friday will be devoted to "room swaps" so check at the desk for room numbers. The bourse will be on Saturday from 8 a.m. to 4:30 p.m. The meal and business meeting will be from 5:00 p.m. to 6:00 p.m. The Mail-Floor Auction will follow until 8:30 p.m.

Please let me know at once if you will want a table for buying or selling and for a display. Remember - there is no charge for a table IF you buy a ticket for the buffet dinner!! Details will be announced at the meeting !!

The motel room rates are reasonable: \$28.00 per night with only \$2.50 for an extra person in the room. Bill Stump and R. R. Tippy have gone all out to insure a large attendance at this event. There should be many new visitors since this is our first meeting in years in this area!!

Some special news for the meeting: The tokens for the years that were missed will be FREE for those who attend the meeting. This will enable you to have a complete run of the plastic tokens which feature the NSCA logo and the date and location of each meeting. Too, watch for a special 20th Anniversary surprize if everything works out- more on this at the meeting!! Too, the special Mail-Floor Auction (see the listing in this issue) features a host of high rarity tokens!!

For the mine lamp collectors interested in a new lamp publication, please contact: Jim Van Fleet, 222 Market St., Mifflinburg, PA 17844.

See you in Cumberland.....If you have any problems with rooms or need additional information on the event, you can contact Bill Stump at 606/573/6868.

*Sincerely,*

*D. Mark Ballard*

### THINGS TO DO !!!

1. Make your reservations for Cumberland, KY convention.
2. Mail your Cumberland Mail-Floor Auction bids to Bill Williams.
3. Mail your bids on Mail Sale No. 147 to Walter Caldwell.
4. Sign a new member for NSCA -we need members to replace those who did not renew for 1992.
5. Advise Mark Ballard if you will want a table for the bourse!
6. Write an article for "SCRIP TALK". What is your favorite piece of scrip? Where did you find it? Don't worry about literary style! We're token collectors - not writers. We will work up your comments for an article.

## SCRIP TALK

The sympathy of all NSCA members is extended to the family of Scriptor Henry O. Arnott, Beckley, WV. Henry joined NSCA in 1973 and was No. 0163 on the club roster..... Scriptor Al Zaika pens that all members consigning tokens for sale in the Mail Auction Sale should note defects in the listings submitted...corrosion, pitting, discoloration, etc. He notes that he has received scrip in deplorable condition and that he would not have bid had he known of the condition...I certainly hope that consignors will note this since I have previously noted several times that I do not have time to examine every token presented for sale. The interests of NSCA can best be served if all members cooperate on this. We certainly want all bidders to feel that they will be receiving good tokens - fairly listed in the sales.....

In this Auction we are fortunate to have consignors who submitted something for everyone who collects wage related tokens. There is a large number of coal company R7 plus a good variety of R8, R9, & R10 from AL, CO, IL, KY, OH, PA, TN, UT, VA, & WV. In addition we have eleven lumber tokens from AR, LA, TN, TX, VA, WA, & WV. There are 2 unique copper center BiMetal tokens with copper centers and others with the usual AL centers. Also you will find Explosive Tokens from VA & WV, a Coal company Bottle Check, several pieces with pictures, an Iron Furnace company from Tenn, a beautiful International Exposition piece with a picture of the Iowa Coal Palace, and miscellaneous pieces from OH & VA plus a Saloon token. There also are three \$5.00 pieces and a \$10.00 piece. For the first time we are offering a special white bound collector edition of the EXPLOSIVE CONTROL TOKENS book which was limited to 25 copies serially numbered and signed by the author. These special editions are highly prized by book collectors. Consignors have set MB to cover their cost plus NSCA's commission. So please bid generously so that we may get more good pieces for the next meeting auction. Happy hunting.

PS: If you know of making changes, let the Auction Coordinator know, please.

VA1499E100 JEWELL RIDGE COAL CORP., JEWELL RIDGE, VA. A foil of a counterfeit (CTFT) piece of the E100 was received by the Catalog Committee. Upon checking it against the file foil, we noted several differences as follows: Both sides of each piece read the same except that the CTFT piece does not have a comma after 'Ridge' on the OB. There is an obvious mold break on both the OB and R. However, the submitter said he had seen a piece without the mold break. The letters on the CTFT OB are heavier and several are filled in. The letters on the original piece are very sharp and well defined. The cutout is very crude and not as well defined as the original. On the reverse in the word 'Schierloh', the right hand leg of the 'H' is shorter; the 'I' is shorter; and the 'E' is longer than the original, on which all letters are exactly the same height. Another reverse difference is in the two 'O's in the '1<sup>00</sup>'. The two 'O's on the CTFT are 7mm from right to left, but the original is only 6 mm. Also the CTFT 'O's are 4 plus mm high and the original only 3 1/4 mm high. The letters on the reverse also are somewhat heavier than the original. These differences are difficult to discern. So, if anyone has the E100 and wants to know whether or not it is CTFT, send the Catalog Committee, 152 Kawga Way Loudon Tn 37774 a good clear foil or rub or the piece itself. We will compare it with our two file foils.

RUDOLPH COAL CO., CLARKSVILLE, TENN Recently several denominations (1, 5, & 25) of this company have appeared on the market from three different directions, Mississippi, Tennessee and West Virginia. We searched Dun and Bradstreet Directories for 1866, 1870, 1876, 1882, 1909, 1914, 1919, 1923 and 1927 plus a 1932 Directory of Tennessee Coal Companies. We found Rudolph Coal Company listed only in the 1909 Dun as a 'DEALER'. We also searched for mining activities in Montgomery County but did not find any evidence of mining. Dodrill does not list Rudolph Coal Co. With this evidence or lack thereof, We concluded that Rudolph Coal Co was a Retail Store which sold coal on a local basis. The Company will be listed in the Miscellaneous Section of Tennessee unless someone can provide documentation that Rudolph Coal Co actually mined coal in Montgomery County. If there are other denominations in circulation please send us a foil or rub with the metal content.

WV2675B100a & B100b FORT BRANCH MINING CO, LOGAN WVA. At the Nelsonville Meeting someone named Bill (I failed to note his last name) asked me to check the reverses of the file foils for these two pieces. Edkins lists both as having ISC Des Pat on the reverse. The file foils however, each reads ISC Pat Pend. We are changing the book descriptions accordingly and retaining the B series numbers since all of the A series pieces are listed as Zinc. We feel certain that the metal is correct as listed since each foil came from a very knowledgeable collector. Also the OB die of the A100 is distinctly different from the die used for the B series. The reverse die, however, appears to be the same. So, Bill, herewith is the answer as you suspected. Many thanks.

WVMX16a & 16b THE BUXTON AND LANDSTREET COMPANY Does anyone know where Buxton & Landstreet used Vulcanite tokens? We have file foils of a Brown 1 and a Salmon 1. Currently these pieces are listed in the Miscellaneous section. We would like to give them a proper home.

MAIL / FLOOR BID AUCTION  
MAY 2, 1992, CUMBERLAND, KY.

The following list of tokens, which will be sold Saturday night May 2, 1992 at the Cumberland, Ky. meeting of NSCA, is presented so that NSCA members who cannot attend the meeting may have the opportunity to place Mail Bids. Your bids will be entered in competition with the Floor Bidders by the Auction Coordinator. In this manner many of our Mail Bidders receive their tokens for less than their maximum bid. So, please bid the maximum you are willing to pay, and we will obtain the token for you at the lowest possible price. Send your mail bids to Bill Williams, Auction Coordinator, 152 Kawga Way, Loudon, TN 37774 so as to arrive not later than Tuesday, April 28, 1992. Phone bids may be placed until 11:00 PM EST April 28, 1992. No bids will be revealed at any time before the auction is completed.
